The Goa Command Area Development Act, 1997

Section 21 - Regulation of “irrigation” and water use management and power of Canal Officer to regulate “Water Resources” system.—

(a) the time for letting out water for irrigation; (b) the duration of supply; (c) the quantity of supply; and (d) the different areas to be supplied at different times. Explanation:- Water shall be deemed to have been supplied, if it is made available, at the pipe outlet, whether or not it is used for irrigation of land under a pipe-outlet and therefore chargeable at the normal rate.
